## Revision of the Three-Year Medium-Term Plan (Return to Shareholders)

Based on the recent performance trends, we have revised the shareholder return plans set forth in The Three-year Medium-term Plan (FY2018 $\sim$ FY2020), which was announced on May 11, 2018, as follows.

## 1. Details of Revisions to the Shareholder Return Plan

Before correction	Our goal for FY2020, the last year of the medium-term plan, is to have a consolidated dividend payout ratio of <b>at least 30%</b> .		
	In principle, we are aiming to	o achieve the following conso	olidated dividend payout ratio

## 2. Reasons for the revision

The Company's basic policy for shareholder distributions is to position a consistent dividend as the highest priority while increasing retained earnings to further improve financial soundness and to have sufficient funds for future requirements. We will distribute earnings properly based on results of operations. However, as the Company has made progress in improving its financial structure, the Company has revised its plan to achieve a consolidated dividend payout ratio of 30% or more in the first year of the three-year medium-term plan, and to achieve a consolidated dividend payout ratio of 50% or more in the last year of the plan.
